SIMPLY FABULOUS

Company Profile

CREATING

WITH PASSION,
DELIVERING
WITH PRECISION.

OUR BRAND STORY

Woodon Décor stands as a prominent leader in the production of high-quality Melamine- Faced Chipboard and Pre-lam surfaces, with a commitment to excellence, innovation, and meeting the dynamic demands of the global market. With a state-of-the-art, international-standard manufacturing facility, the company ensures that every product reflects precision, durability, and aesthetic appeal.

Woodon Décor operates a cutting-edge production facility with an impressive capacity of 500 cubic meters of Particle board production per day. Our facility is designed to cater to diverse market needs with flexibility and efficiency. We manufacture MFC panels in three popular sizes—9x6, 8x6, and 8x4 with varying thicknesses that are tailored according to market demands, ensuring that our products meet specific customer requirements, from residential to industrial use. This robust production capacity enables us to consistently meet both domestic and international demands, solidifying our position as a trusted supplier in the global market.

With a capacity of 400,000 square feet (sqft) of MFC production per day, we offer an extensive range of decorative surfaces designed to enhance any project. The variety includes over 100 imported decors that cater to modern and contemporary interior design trends. Under our brand Taika, we offer premium decors that appeal to discerning customers looking for high-end finishes.

Operating from a 25-acre state-of-the-art facility, our production unit combines the best machinery, sustainable practices, and skilled craftsmanship to deliver premium wood panel products. Decades of industry experience define the leadership team comprising Pareeth K. V, K. M. Youseph, and P. M. Aboobacker, who drove excellence and growth at Wooden Decor.

For those seeking value without compromising on quality, our Comet brand provides an extensive collection of over 250 decors, ideal for various residential, commercial, and industrial applications. With such a wide selection, Woodon Décor ensures that our customers can find the perfect solution for every design need.

As a forward-thinking company, Woodon MDF Panel Private Limited is dedicated to pushing the boundaries of design and manufacturing. Our international presence reflects our commitment to quality and customer satisfaction, providing top-tier products that align with global standards. With constant innovation and a keen eye on emerging trends, Woodon Décor continues to be a pioneer in the Pre- Lam, Particle board and MDF industry, driven by a passion for excellence and a desire to shape the future of interior design.

Woodon MDF Panel Private Limited represents the perfect fusion of quality, innovation, and customer-centricity. With advanced manufacturing capabilities, extensive product offerings, and an unwavering commitment to quality, we continue to be a preferred choice for customers across the globe.

VISION

The vision at Woodon Décor is to emerge as a world leader in the wood panel business through the following

- Setting new quality and innovation benchmarks.
- Upholding sustainable practices that would protect the environment.
- Delivering outstanding value and spaces that inspire and endure.

MISSION

We aim to make superior-quality MFC and Particle Boards that combine functionality, aesthetics, and sustainability.

- Lead with innovation and continually refine our product offerings.
- Build long-lasting relationships with our clients, distributors, and stakeholders.
- Ensure all our practices are eco-friendly and efficient by worldwide standards.

Core Values

VALUES

- Excellence: Products should surpass industry durability, design, or quality standards.
- Sustainability: Minimize the environmental impact through responsive sourcing and production methods.
- Customer Focus: Meeting and satisfying each customer's unique needs.
- Integrity: Working with transparency, ethics, and professionalism.
- Innovative: Keeping up with the trends and adjusting according to the continually changing needs of the market.

OUR JOURNEY

2022

Foundation of Woodon MDF Panels Pvt. Ltd. for building a high-tech manufacturing facility.

2023

Establishment of a 25-acre production plant with Chinafoma and Siemens automation technologies that became operational.

2024

Scaling up the distribution networks across India and entering international markets; significant development of products and exports.

WHAT SETS US APART?

State-of-the-art Technology

Woodon Décor uses world-class machinery and automation systems, including Chinafoma and Siemens technologies, ensuring that each piece is produced with precision and consistency. From material handling through finishing, steps are streamlined for efficiency and quality.

Strong Infrastructure

Our campus covers 25 acres with over 21 lakh sq. ft. built-up area. This comprises state-of-the-art production lines, warehousing and logistics units. Our structure allows for high-volume manufacturing while remaining flexible to support custom orders.

Research & Development

Innovation is the heart of Woodon Décor. Its R&D department continually researches new materials, designs, and manufacturing techniques to provide products that meet global requirements and customer needs.

Excellence in Design

Our product range perfectly harmonizes form and function. Collaborating with design experts and sourcing materials from reputed suppliers worldwide, we deliver surfaces that are durable and aesthetically stunning.

Sustainability Practices

Sustainability is a non-negotiable aspect of our operations. From eco-friendly adhesives to recycling by-products, we are committed to reducing our carbon footprint and contributing to a greener future.
