### Woodon MDF Panel Private Limited

Woodon Décor stands as a prominent leader in the production of high-quality Melamine- Faced Chipboard and Pre-lam surfaces, with a commitment to excellence, innovation, and meeting the dynamic demands of the global market. With a state-of-the-art, international-standard manufacturing facility, the company ensures that every product reflects precision, durability, and aesthetic appeal.

Woodon Décor operates a cutting-edge production facility with an impressive capacity of 500 cubic meters of Particle board production per day. Our facility is designed to cater to diverse market needs with flexibility and efficiency. We manufacture MFC panels in three popular sizes—9x6, 8x6, and 8x4 with varying thicknesses that are tailored according to market demands, ensuring that our products meet specific customer requirements, from residential to industrial use. This robust production capacity enables us to consistently meet both domestic and international demands, solidifying our position as a trusted supplier in the global market.

With a capacity of 400,000 square feet (sqft) of MFC production per day, we offer an extensive range of decorative surfaces designed to enhance any project. The variety includes over 100 imported decors that cater to modern and contemporary interior design trends. Under our brand Taika, we offer premium decors that appeal to discerning customers looking for high-end finishes. Operating from a 25-acre state-of-the-art facility, our production unit combines the best machinery, sustainable practices, and skilled craftsmanship to deliver premium wood panel products.

For those seeking value without compromising on quality, our Comet brand provides an extensive collection of over 250 decors, ideal for various residential, commercial, and industrial applications. With such a wide selection, Woodon Décor ensures that our customers can find the perfect solution for every design need. As a forward-thinking company, Woodon MDF Panel Private Limited is dedicated to pushing the boundaries of design and manufacturing. Our international presence reflects our commitment to quality and customer satisfaction, providing top-tier products that align with global standards. With constant innovation and a keen eye on emerging trends, Woodon Décor continues to be a pioneer in the Pre- Lam, Particle board and MDF industry, driven by a passion for excellence and a desire to shape the future of interior design.

Woodon MDF Panel Private Limited represents the perfect fusion of quality, innovation, and customer-centricity. With advanced manufacturing capabilities, extensive product offerings, and an unwavering commitment to quality, we continue to be a preferred choice for customers across the globe.

Technical Specification

The Particle Board manufactured by the Company is based on Wood Chips and therefore helps conserve the natural resources and maintain ecological balance. The boards are 100% eco - friendly as they substitute timber, plywood and block board for various types of furniture & building/construction industries.

The brand-new imported state of the art plant has a manufacturing capacity of 1,80,000 cbm per annum. The plant has the most modern and latest machines & equipment's for producing high quality flat pressed three layered plain & prelaminated particle boards.

Three layered boards, resistance to Heat, Steam, Stains, Abrasion, Moisture Resistant, fire resistant, Excellent machinability with screw holding & load bearing capacity, Balanced construction. No air pockets, Free from warping, Attractive plain colors & wood/print effects in the prelam range. Eco-friendly product manufactured from wood Chips, ideal for all types of furniture and building construction industries.

Specifications met:  
Prelam particle board : IS 3087 : 2005, IS 12823 : 2015.

Surface Finish: Matt, Suede, Glossy, Plain & Pre-Laminated Particle Board Interior Grade, Exterior Grade, Both  
Side Laminated (BSL), One Side Decorative Laminated (OSR).  
Sizes available: 8x6 feet and 9x6 feet. It is ordered in 9,11,17,18 & 25mm thickness.
